

Title: BaseHarvest ...src\libs README_2.pdf/README_2.txt info
Project: LANDIS-II Landscape Change Model
Project Component: Extension-Base-Harvest
Repository: <https://github.com/LANDIS-II-Foundation/Extension-Base-Harvest>
Author: LANDIS-II Foundation
Revision Date: 24 Nov 2016

The directory, 'Extension-Base-Harvest ...\src\libs' is where required .dlls are stored for building the Base Harvest extension. Initially, the directory, 'Extension-Base-Harvest...\src\libs' will contain ONLY these two files:

README_2.pdf
README_2.txt

Building the solution (.sln) file in Visual Studio will populate this folder with a set of required .dlls.
